

Meeting of the Technical Steering Committee (TSC) Board

Wednesday, July 08th, 2026
11:00am ET

Antitrust Policy Notice
(meeting will start 5 mins after the hour)

- Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

- Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at http://www.linuxfoundation.org/antitrust-policy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

THE LINUX FOUNDATION

- PEARC in July 2026
- 4.1, 3.5, 2.10 released
- 2.10
  - almost all packages updated
  - Intel 2026.0 compiler
  - still Latex
- TSC elections

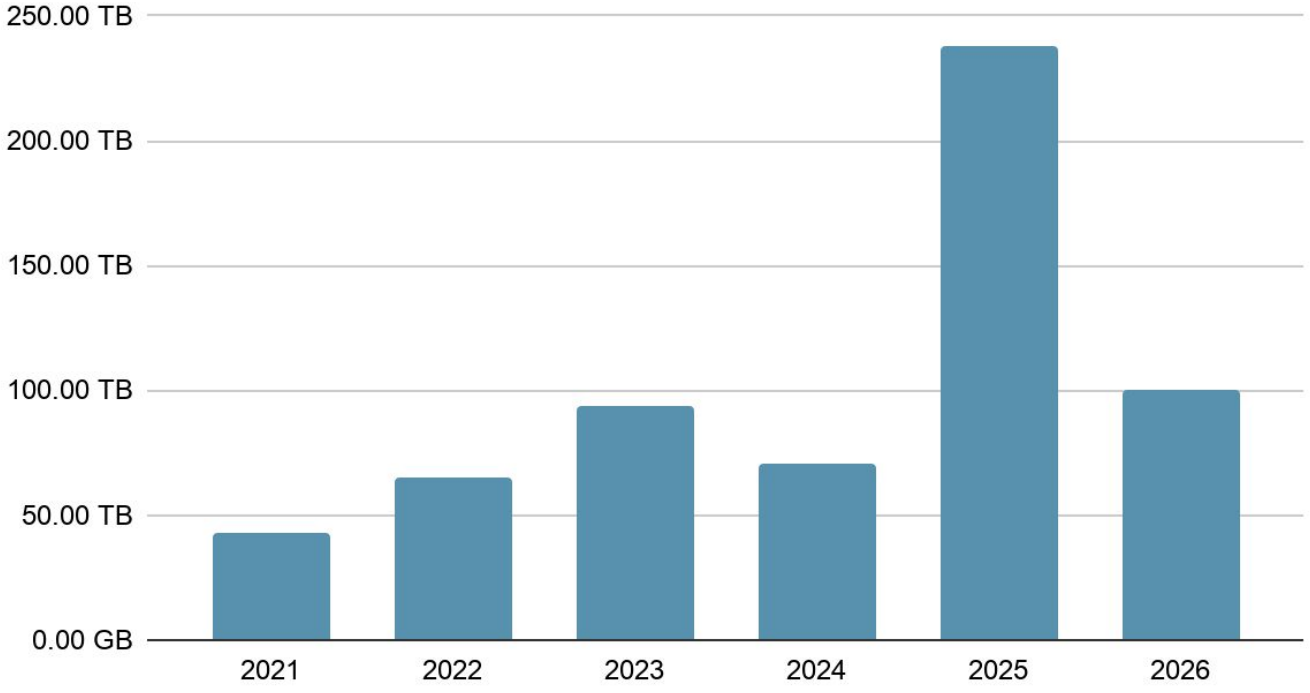

- I reached out to VersatusHPC
  - OpenHPC fork with ppc64le packages
  - OpenHPC fork with Ubuntu packages
  - asked them to integrate the ppc64le changes

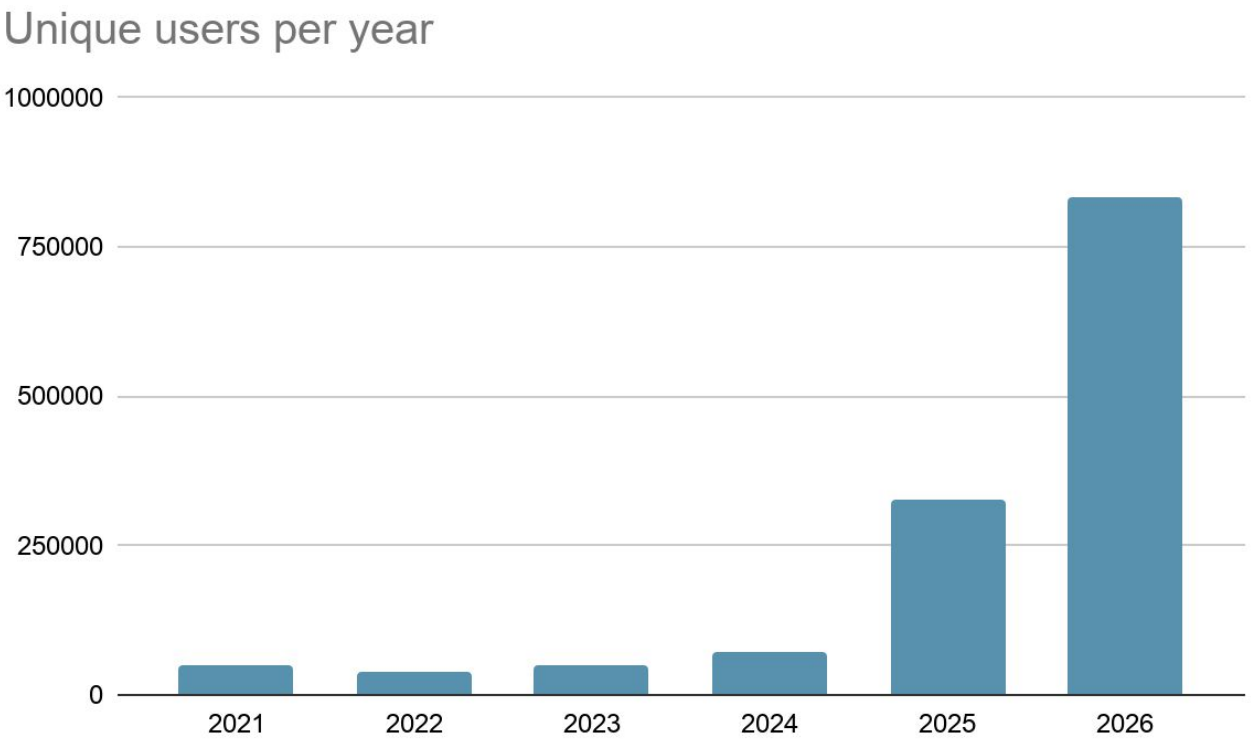

- combine the outreach and TSC meeting
- tested tar archive verification during build
  - verify checksum automatically in %prep
- looked into SBOMs, but not sure how and what

- ISC 2026
  - as always great conversations at the booth
  - Bof: around 100 people in the room
  - "OpenHPC and the Future of Open Source HPC Provisioning"
  - Warewulf, OpenCHAMI, Confluent
  - About 40 minute questions
  - https://openhpc.community/news/2026/openhpc-isc-2026-bof-recap/

- ISC 2026 Bof questions
  - Doesn't the OpenHPC roadmap follow whoever funds the maintainers, regardless of the TSC charter on neutrality?
  - Open as in Beer? Who Really Steers OpenHPC?
  - Isn't the name OpenHPC a landgrab?
  - So you guys are big AI fans right?
  - Thanks to all of you for working on open source!
  - What’re you doing to grow your project contributor base?
